Please understand that when booking a time with a professional tutor they are committing to providing your student with a weekly lesson and a structured program of learning for that entire school year. Students are expected to commit to lessons for the year, however should it become necessary to discontinue lessons discontinuation should be from the end of the school term, and a minimum of four weeks notice provided to the tutor.

Tutors must be given a minimum twenty-four hours advance notice if you are to miss a lesson for any reason. Lessons missed due to non-attendance or with insufficient notice will be charged at the full rate.

Arrangements regarding fees and payment of fees are strictly between the tutor and the family. As a guide a professional tutor with a tertiary qualification will charge around \$45-50/lesson.

If you are unable to find a time with a tutor from this list please contact Bilgola's Band Director Colden Anderson at coldenanderson@icloud.com for assistance.
