Means of transport	Private coach-North Sydney Bus Charters
Requirements for seatbelts or safety restraints in your state or territory have been met.	No legislative requirement to have seat belts in a bus/coach that is transporting more than 12 passengers. Where available we will hire coaches that are fitted with seatbelts, but we recognise this will not always be possible. Where seat belts are not fitted, we will ensure all children are secure in their seats and do not move around the coach. This information has been verified by Kids and Traffic and by checking the laws and regulations.
